HYDROLOGICAL SOCIETY 1972 SYMPOSIUM

The New Zealand Hydrological Society intends to hold a three-day Symposium on New Zealand Water Resources, at the University of Waikato, Hamilton, on 21-23 November 1972.

Papers are invited on the following topics:

- 1) Demands for Water Resources – industrial, domestic, irrigation, ecological and recreational demands.
- 2) Available Resources – surface water, groundwater, soil moisture, snow and rain, geothermal, quality of resources.
- 3) Assessment Techniques – mathematical models, water balances, evaporation, instrumentation, mapping techniques, water quality assessment.

Abstracts of papers must be received by 30 June 1972, and full papers by 31 August 1972.

Accommodation will be available on campus at an approximate charge of \$7 per day.

For further information, and submission of abstracts, write to:

Mr H. Drost,
Ministry of Works,
Private Bag, Hamilton.

SYMPOSIUM ON UNCERTAINTIES IN HYDROLOGICAL AND WATER-RESOURCE SYSTEMS

An International Symposium on Uncertainties in Hydrological and Water-Resource Systems, endorsed by the International Association of Hydrological Sciences, the American Geophysical Union, and the U.S. Geological Survey (Water Resource Division), will be held at the University of Arizona, Tucson, Arizona, U.S.A., on 11-15 December 1972.

A two-page abstract of papers must be received by 30 June 1972, and full papers by 30 September 1972.

For further information, and submission of abstracts, write to:

The Symposium Chairman,
Professor Chester C. Kisiel,
Department of Hydrology and Water Resources,
University of Arizona,
Tucson, Arizona 85721, U.S.A.

WATER RESOURCES MEETINGS

Two International Water Resources Meetings will be held in 1972 at Colorado State University, Fort Collins, Colorado, U.S.A.

- 1) The Second International Symposium in Hydrology, with three topics – floods, droughts, and decision making with inadequate hydrological data – will be held on 11–13 September 1972.
- 2) The First International Conference on Transfer of Water Resources Knowledge, both from research to practice and from developed to developing regions, will be held on 14–16 September 1972.

For further information on these two meetings, write to:

Water Resources Meetings,
Office of Conferences and Institutes,
Room 178, Student Centre,
Colorado State University,
Fort Collins,
Colorado 80521, U.S.A.

SYMPOSIUM ON RIVER MECHANICS

An International Symposium on River Mechanics will be held in Bangkok, Thailand, on 9–12 January 1973, under the auspices of the International Association of Hydraulic Research. The symposium will be divided into three technical programmes:

- 1) Flood Investigations.
- 2) Erosion and Sedimentation.
- 3) River and Estuary Model Analysis.

Papers are invited, and summaries are required before 1 March 1972.

For further information, write to:

The Symposium Secretary,
Dr Subin Pinkayan,
Asian Institute of Technology,
P.O. Box 2754,
Bangkok, Thailand.
