

FORTHCOMING MEETINGS AND COURSES

We have received notices about the following meetings. The editor has further details.

- 14 March - 17 June 1983, Sydney: Graduate course in hydrology, School of Civil Engineering, University of NSW.
- 2 - 6 May 1983, Noordwijkerhout, The Netherlands: International Symposium on Methods and Instrumentation for the Investigation of Groundwater Systems. Organised by UNESCO and the Netherlands National Committee for the IHP in co-operation with the Netherlands Organisation for Applied Scientific Research. Co-sponsored by IAHS and IAH.
- 13 - 17 June 1983, Fort Collins, Colorado: Short course on "Design of Water Quality Monitoring Networks". Organised by Department of Civil Engineering, Colorado State University.
- 13 - 17 June 1983, Denver, Colorado: International Symposium on Hydrometeorology. Co-sponsored by American Water Resources Association, American Meteorological Society, Weather Modification Association, IAHS, AGU, WMO, and US National Committee on Scientific Hydrology.
- 27 June - 1 July 1983, Fort Collins, Colorado. Short course on "Flood predictions, estimations and forecasting".
- 13 - 15 July 1983, Gold Coast, Queensland: Sixth Australian Conference on Coastal and Ocean Engineering. Organised by the National Committee on Coast and Ocean Engineering of the Institution of Engineers, Australia.
- 15 - 27 August 1983, Hamburg: XVIIIth General Assembly of the IUGG. IAHS Symposia to be held during this assembly include:
1. Remote sensing and remote data transmission.
 2. Relation of groundwater quantity and quality.
 3. Hydrology of humid tropical regions with particular reference to the hydrological effects of agriculture and forestry practice.
 4. Scientific procedures applied to the planning design and management of water resource systems.
 5. Dissolved loads of rivers and surface water quantity/quality relationships.
- 28 August - 3 September 1983, Koblenz: International Symposium on Groundwater in Water Resources Planning. Convened by UNESCO and organised in co-operation with the National Committee of the FRG for the IHP, and the UN/DTCD. Endorsed by UNICEF, FAO, WHO, WMO, IAHS, IAH, ICID and IWRA.
- late November 1983, Dunedin: Annual symposium, NZ Hydrological Society.
- 5 - 9 December 1983, Sydney: International Conference—Groundwater and Man. Sponsored by the Australian Water Resources Council, co-sponsored by Australian Academy of Sciences, IAH and IAHS.
